

MANGANESE 6%

EDTA CHELATED SOLUTIONS

Product Code: 10000129 (Tote) / 10001158 (Jug) / 10000128 (Bulk)

GUARANTEED ANALYSIS

Manganese (Mn) 6.0%
6.0%...Chelated Manganese
Derived from: manganese EDTA

PRODUCT INFORMATION: Manganese 6% is a fully chelated solution of manganese EDTA and is recommended for the prevention and correction of manganese deficiency in all crops. Manganese 6% is recommended for use on all soil types. The preferred use is soil application to prevent the deficiency although it may also be used as a foliar spray for correction.

DIRECTIONS FOR USE: Use in accordance with recommendations of a qualified individual/institution. Do not allow to freeze. Manganese 6% is compatible with many crop protection products as a tank mix partner. The Andersons recommends a compatibility (jar) test before field mixing and application. Always read and follow all individual product labels before use. For more information, visit AndersonsPlantNutrient.com/Tank-Mix.

Soil Application: Apply in-furrow, 2x2, or at sidedress or topdress. Use caution when applying on seed in alkaline, saline, or coarse textured soils.

Foliar Application: Fill spray tank with water prior to adding fertilizer or other products. Use only as a supplement to a regular nutrient management program. Repeat applications may be beneficial. Use only as directed to avoid foliar burn. Do not apply when crop is excessively stressed for moisture or during periods of high temperatures. Use of a surfactant may enhance leaf coverage and increase nutrient absorption.

RECOMMENDED RATES: This product should be used on the basis of a soil and/or tissue analysis. Suggested application rates are for one growing season (gallons per acre) in the absence of soil and/or tissue analysis.

	Application	Use Rate (per acre)	Timing
Field & row crops; vegetables	Soil	1-2 quarts	Add to fertilizer or mix with water
	Foliar	1-2 pints	
Tree & bramble fruits, nut trees, other fruits	Soil	1-2 quarts	
	Foliar	1 pint/100 gallons of water	
	Application	Use Rate (per 1000 ft ²)	Timing
Turf	Foliar	1-2 ounces	Every 7-14 days or to correct nutrient deficiencies

FIRST AID MEASURES:

- If inhaled: Move to fresh air and keep comfortable, seek medical attention if unwell.
- If on skin: Wash affected areas with soap and water. Seek medical attention if irritation persists. Wash contaminated clothing before re-use.
- If in the eyes: Immediately flush with water for 15-20 minutes, remove contact lenses if present and easy to do – continue rinsing. Seek medical attention if irritation persists.
- If swallowed: Rinse mouth. DO NOT INDUCE VOMITING unless directed by a medical professional. Seek medical attention if unwell.

IMPORTANT: READ BEFORE USE: Read the entire Directions for Use and the Warranty Disclaimer and Limitation of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or Buyer accepts the following Warranty Disclaimer and Limitation of Liability:

WARRANTY DISCLAIMER AND LIMITATION OF LIABILITY: Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions.
